MARK YOUR CALENDARS!

The 2014 Golden Circle College Fair will be held **Sunday, September 28, 2014**, in Des Moines. Traditionally the largest college and career fair in the state of Iowa, Golden Circle will host more than 150 colleges from across the United States, as well as career experts and industry leaders from across Iowa.

Mark your calendars and join us from 12:30 - 3 p.m. at Hy-Vee Hall in downtown Des Moines. [Click for a map.](#)

College Fair Automation at Iowa College Fairs!

All Iowa College Fairs have implemented the College Fair Automation barcode and scanner system, simplifying the registration process at college fair booths.

Students can register online and receive a personalized barcode to print and bring to the college fair. When a student visits the booth of a college he or she is interested in, they can have the college scan the barcode rather than filling out the information forms at the table.

Students attending multiple college fairs in Iowa will be able to use the same barcode at each fair.

Get Your Barcode

Students

Spend more time talking with the college and less time filling out paperwork by getting your personalized barcode. Colleges will be equipped with scanners at the fair to quickly gather your information and answer any questions you have about their campus.

Exhibitors

Request your scanners to allow for more interaction time with prospective students.
